

The purpose of this communication is to express my opposition to the FCC's proposed expansion of the LPFM (Low Power FM) service especially if it has a detrimental effect on quality, family centered stations such as K-LOVE. Too often, our children are exposed to the world's most negative influences through advertising. A small sampling of these influences include: alcohol, drugs, pre-marital sex, infidelity, gluttony etc. As a governmental entity, the FCC must strive to achieve a fair balance so no group of citizens is excluded. This will ensure the greatest amount of good for the greatest number of Americans.

Christian radio is an integral part of delivering an important message to our society while giving them an alternative to the worst our culture has to offer. Christian radio such as K-LOVE makes our community a better place to live. Please do not sacrifice this valued, society enhancing service.
